Docket No. 98N-12657 '99 APR 19 P1:52  
Food and Drug Administration  
5600 Fishers Lane  
Rockville, MD. 20857

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular,  
I OBJECT to the definition of "inordinate amount" which restricts the availability  
and the right to obtain medically necessary compounded medications by limiting  
the number of prescriptions that can be shipped across state lines from specialized  
compounding pharmacies.

COMMENTS:

There are NO compounding pharmacies in Connecticut. I would have to move to a state with a compounding pharmacy if this proposal is passed. This is a power play by the giant pharmaceuticals to restrict trade by smaller companies. It's outrageous. These medications are an essential part of my life. Without them I could not function properly either physically or emotionally. Do not take the freedom of choice I now have in choosing the best treatment for my post-hysterectomy condition away from me & others like me. Thank you Pippin Bartfield-Hine
